Subject: GTA highways

Hi everyone,

We will be supporting the OPP to have our MTO officers on GTA highway. This is partly deterrence as well as providing support as required to the OPP in the event CMVs block or attempt to block highways while heading to queens park. Our staff can support to keep lanes open, close ramps, etc.

Overtime is authorized for this. Staff can work 8am to 9/10pm today and 8am-8pm (or longer if required tomorrow). Sunday is TBD but can work as well if required.

Please reach out to your staff to see who wants to work. One officer per enforcement vehicle. For now have your staff focus on getting onto 400 series highways in your districts. Durham staff should head towards Toronto and the 401/404/DVP area. Peel will support 401/403 and 427. Halton and Niagara staff - QEW heading towards Toronto from Burlington to Gardiner.

Any CEPO staff or Auditors should go into Toronto to support along the 401, 400, 409 and 427.

Focus is routes going into downtown and having a presence on 400 series highways.

Jessica Barton will coordinate our response. She is working with the OPP Incident Commander S/Sgt Heinz in HSD on this and further information will be shared by Jessica. Officers should call into the OPP PCC when on shift.

Please make calls and get as many staff as are available to support.
